# SALLY KADI

## JUNIOR FULL-STACK DEVELOPER

Lebanon | +961 81 786 990 | Sallykadi888@gmail.com
LinkedIn | GitHub | Portfolio

## PROFESSIONAL SUMMARY

Junior Full-Stack Developer and Management Information Systems (MIS) student with hands-on experience building database-driven web applications using PHP, MySQL, HTML, and CSS. Developed dynamic websites and admin dashboards with CRUD functionality, relational database integration, and responsive interfaces. Currently gaining practical experience through a Web Development Internship at Violet Programming and full-stack training. Eager to contribute to a development team while continuing to strengthen backend and frontend skills.

## TECHNICAL SKILLS

**Languages & Web:** PHP, HTML5, CSS3, JavaScript fundamentals
**Database:** MySQL, SQL, phpMyAdmin, relational tables, foreign keys
**Application Development:** CRUD operations, form handling, database connectivity, admin dashboards, responsive design
**Tools & Workflow:** Git, GitHub, VS Code, XAMPP, Apache, MariaDB

## PROFESSIONAL EXPERIENCE

**Web Development Intern**
*Violet Programming | Remote, Lebanon | 2026–Present*

- Build and style responsive web pages using HTML, CSS, PHP, and MySQL.
- Developed Brew Co. QR Menu, a database-connected menu website with product categories, prices, images, and an admin dashboard.
- Implemented CRUD workflows for menu categories and items; worked with relational tables and foreign-key relationships.
- Tested and debugged application behavior and database connections using XAMPP, VS Code, and phpMyAdmin.

**Administrative Assistant**
*Vertex Business Advising | Remote, Lebanon | 2025–2026*

- Maintained organized digital records, performed data entry, and processed business information using computer applications and Microsoft Office.
- Supported document organization and routine communication while handling information responsibly and accurately.

## SELECTED PROJECTS

**Brew Co. QR Menu** | *PHP, MySQL, HTML, CSS, Git/GitHub*
Built a dynamic coffee shop menu and admin dashboard to manage categories and menu items, including create, edit, delete, and status-toggle functionality.

**NexaTech Business Portfolio** | *PHP, MySQL, HTML, CSS*
Developed a database-driven company portfolio website with services, portfolio filters, FAQs, contact information, and an admin area for managing website content.

**Task Management Dashboard** | *Web fundamentals, Git/GitHub*
Built a task dashboard with complete/undo actions and automatically calculated progress percentages; documented manual testing and user feedback.
